

Jamboree, CCAC Boyce, May 3: Registration is Open !

Editor's Model of the Month

In the Bring 'n' Brag contest this month, Bill Auman won second place for his O scale model of a blast furnace — not too shabby for his first entry in the monthly contest! See an enlarged image of this model and the other BnB entries on page 6.

From the Super's Desk

The number of members in our division through 2024 remained the same. We had 200 members at the start of the year and finished with 200 members at the end of the year. That is good news compared to the number of years of declining membership we have experienced.

But the news is not as good as it seems. We had 27 members join our division during the year and 27 members that didn't renew their membership during this year. In statistical terms, that's stagnation!

Businesses understand that having to replace lost customers is more expensive than gaining new customers. So it is for organizations like ours.

We tried a recruiting incentive last year that would financially reward any member that recruited a new member and helped them attend 1 division meeting within 3 months of their joining. There was also a financial incentive for the new member to attend. We had no new members recruited by an existing member and no awards were made.

Hmm...

In multiple columns, I have spoken about the benefit of member engagement in our organization. It allows each of us to grow our skills and abilities. That's why the recruiting incentive had the condition to have the new members attend at least 1 meeting. While we are glad to have new members, we're stronger if they engage with us and they will get more value from their membership cost by actively participating instead of simply sending a check to National each year.

Our membership chair, Ken Hanawalt, sends an e-mail to every member who doesn't renew their membership and asks why they didn't renew. Many times, he does not receive any response. But lately, he is frequently hearing that the member wasn't treated warmly or with courtesy at a meeting/event they attended.

Hmm.....

While I'm concerned by this, I'm not prepared to take this information at face value. I think that in general, our members are very cordial and it seems like attendees are interacting and having an enjoyable time. It's also possible that some of the fault may be with the individual that didn't feel welcomed. It happens.

But let's not fail to take action and believe that the fault could only be theirs and not ours. It's unlikely to be that black and white.

Remember that when a new member comes in the door for the first time, he or she is faced with a roomful of people that seem to know each other and what's going on. It takes a lot of guts to jump into conversations, so they often just hang out with themselves. If they feel that no one cares that they came, they may not return (it's tough to be new and ignored).

Remember also that the best way to welcome someone new isn't to tell them about all the great things you've done, but find out what they are interested in. You might be able to introduce them to someone who shares their interest and help them get connected.

If we can just make them feel welcomed and included, it would go a long way to creating a bond that help them join the fun.

We have great members. Let's help new members see that and help them join the fun! We'll all benefit!

The *Keystone Flyer* is published ten times a year by Division Two of the National Model Railroad Association, Mid-Central Region. Subscription to the *Flyer* is included with your NMRA membership and sent via e-mail directly to each member who chooses to receive the newsletter in this format. Alternatively, you may also read the *Flyer* online, or download a copy onto your computer or mobile device by navigating to the link on the Division Two website [www.keystonedivision.org]. Members without internet access or an e-mail address may request a printed copy from the Division; please send your name, address, and phone number to: Patrick Altdorfer, Editor, 6333 Morrowfield Avenue, Pittsburgh, PA 15217. **Pike ads** are available to publicize your home or club model rail empires for a \$15.00 yearly fee. You may supply artwork or have it produced by the editor for a nominal fee. Pike ads are also posted in full color on the Division website.

January 19, 2025 Business Meeting

The January Division Meeting was called to order by Assistant Superintendent George Pandelios at 2:30pm at the Youngstown Model Railroad Club. Dean DeMain and his members welcomed us to their excellent O Gauge and HO Gauge layouts. We had 30 members in attendance with no new members or guests for the meeting.

The November minutes were approved as published in the Keystone Flyer with a motion by Vagel Keller and seconded by Dennis Vaccaro. The minutes were approved.

Committee Reports

Keystone Flyer: Editor Patrick Altdorfer reported that the deadline for submission to the Flyer is the following Sunday after the meeting. Also, Pike Ad subscriptions are overdue; please give Jeff Gregg your \$15 cash or check, or mail it to him at the Gastonville PO Box on page 8 of the Flyer.

Financial Report: Treasurer Jeff Gregg reported that we finished the end of the year in good standing and able to meet our financial obligations.

Programs: Asst. Superintendent George Pandelios reported that the February 16th meeting will be at the Weirton Area Museum at 3149 Main Street in Weirton, WV. The program will be on the topic "Accurately Representing Automobiles in 1950s America." The March 16th Meeting will be in Morgantown, WV at the Mon Valley Railroad Historical Society at 5000 Greenbag Road, with Richard Turton, MMR giving a program talk on "Why Bother to Build a Diorama?" The April 20th meeting will be at the D.A.R.E. Club in Venetia, PA and the May 18th meeting will be at the Ohio Valley Lines in Ambridge, PA.

Company Store: Susan Werner reports that she has one extra book by Dick Flock, some NYC Box Cars, trackside sheds and other miscellaneous items, so if you are interested, please stop at the store after the meeting.

Membership: Ken Hanawalt was not present but he sent a report that we have 199 members on the roster, and he pointed out in the report that anytime a new member or guest visited, please take time to talk to them and welcome them to the Division. We are losing members and we need to improve our social skills in retaining members.

Website – Tom Gaus was not present, no report.

FreeMo – Patrick Altdorfer reported there is nothing to report.

Video Library – Bud Brock was not present, no report.

Achievement Program – Dennis Vaccaro recognized George Pandelios as receiving his Association Volunteer Certificate, congrats to George. He also talked about how in the Mid Central Region, Division Two placed 3rd in terms of the number of merits and certificates earned. He also talked to the group about the

Golden Spike Award and how it is judged and what you need to qualify for this beginning award in becoming a Master Model Railroader.

Bring 'n' Brag: Dominic Martinelli announced he had 5 entries in the subject "Anything Goes" with a First Place going to Neil Schorr; Second Place to Bill Auman (and that was his first time entry and being a winner). For Third Place, there was a tie between Dennis Lippert and Steve Ross.

T-Trak Committee: Jimmy Braum and Richie Jodon were not present, so no report.

Jamboree: Grier Kuehn and Neal Schorr reported that all the clinics have been filled. The 4th contest will be on Vehicles, along with the traditional three of Rolling Stock, Structures, and Motive Power. Neil has lined up Luncheon and Dinner Speakers and all the information will be on the website in the near future for the May 3rd Event at the CCAC Boyce Campus near Monroeville, PA. Grier thanked Dave Martinelli and Rob Twigger for getting donations for the event.

If you would like your layout open on Sunday after the Jamboree, please talk to George Pandelios about hosting your layout.

Grier took the floor and talked about the event, that we have had good turnouts over the years, but we need to talk more about this event to everyone, which is sponsored by our Division and the NMRA. He thanked Jeff Gregg for volunteering for 2 days at the Greenberg show with a membership table talking about the NMRA and its benefits. This is our one-time event that we get over one hundred attendees, that we can socialize and talk model railroading. So please register on the website and join us for a fun filled and educational time.

Old Business - None.

New Business - None.

For the Good of the Division

Frosty Rails 2025 will be held February 8th at the Chippewa Township VFD Social Hall in Beaver Falls, with tables costing \$25 each.

Mid Mon Valley Railroad Club is hosting their annual train show next Sunday in New Eagle, PA at the VFW social hall from 10am to 4pm with 123 tables sold along with a couple of modulars layouts for display.

Steve Ross talked about the Railroad Prototype Modelers Meet to be held at the Westmoreland County Community College in Youngwood, PA on March 21st and March 22nd. Numerous clinics on both days along with vendors will have tables set up. There will also be Operating Sessions on Thursday afternoon and Thursday Evening at various layouts in the area. This is sponsored by our division and the event will draw over 200 people from many states, so plan on attending.

... continued on next page

Spread the Word ... “Jamboree” that is

There is no way to sugar coat it, the attendance at last year's Jamboree was a disappointment to Neal Schorr and me as co-chairs. It attracted 105 people... 91 NMRA members and 14 non-members, which was considerably lower than the 140 who attended the previous one. What was not disappointing was the quality of the event: the new venue, the meals, 12 clinics, 4 contests, White Elephant Sale, displays, huge raffle, company store and the lunch/dinner speakers were all excellent!

The line-up for this year's Jamboree, scheduled for May 3, 2025, is set and will equal or surpass last year's. The heavy lifting has been done, but now this is where you as a Division 2 member come in. **Talk it up to your model railroad friends, both members and non-members.** Encourage them to attend.

This works, as Neal has proven. Over the years, he has been very successful recruiting for the NMRA and the Jamboree with his fellow hi-railers and local TCA members. In addition to one-on-one invitations to friends, he recently wrote a four-page article which appeared in the January 2025 TCA Fort Pitt Division newsletter, *The Lockon*. In it, he detailed the benefits of NMRA membership as well as the upcoming Jamboree. We are anxious to see the results of these latest efforts.

Again, this is where you come in. Take Neal's lead and do some recruiting of your own.

Jamboree Pages on the Website

Remember, you can register and follow the latest Jamboree details as they are continuously updated on the Division Two website: www.keystonedivision.org.

- Grier Kuehn, Jamboree Co-Chair

Layouts wanted for the Jamboree Layout Tour!

If you would like to open your layout for the day after the Jamboree (Sunday, May 4, 2025), please contact George Pandelios at AsstSuper@keystonedivision.org or (717) 503-3192. Thank you!

Minutes

continued from page 3

What's on your Workbench?

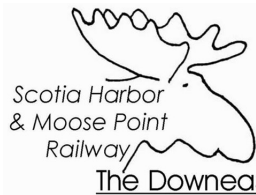

- Neil Schorr is just a cat whisker of being done on his entire layout after finishing a hillside, which will be open for the June Meeting. If you have not seen his O Gauge Layout you have missed seeing what of the area's fine ones;
- Bill Auman is making Blast Furnace Scenery on his layout;
- Dave Martinelli is finishing up a mirror module just like his first one for the FreeMo group.

The meeting was adjourned at 3:06 p.m.

Greg Short General Chairman of the Buckeye Express took the floor and did a 20-minute presentation on the Regional Convention to be held in Dublin, Ohio on May 15th to May 18th.

Dean Demain from the Youngstown Model Railroad Club gave a presentation about the history of the building and the two layouts that we enjoyed today.

Bring'n'Brag

Dominic Martinelli

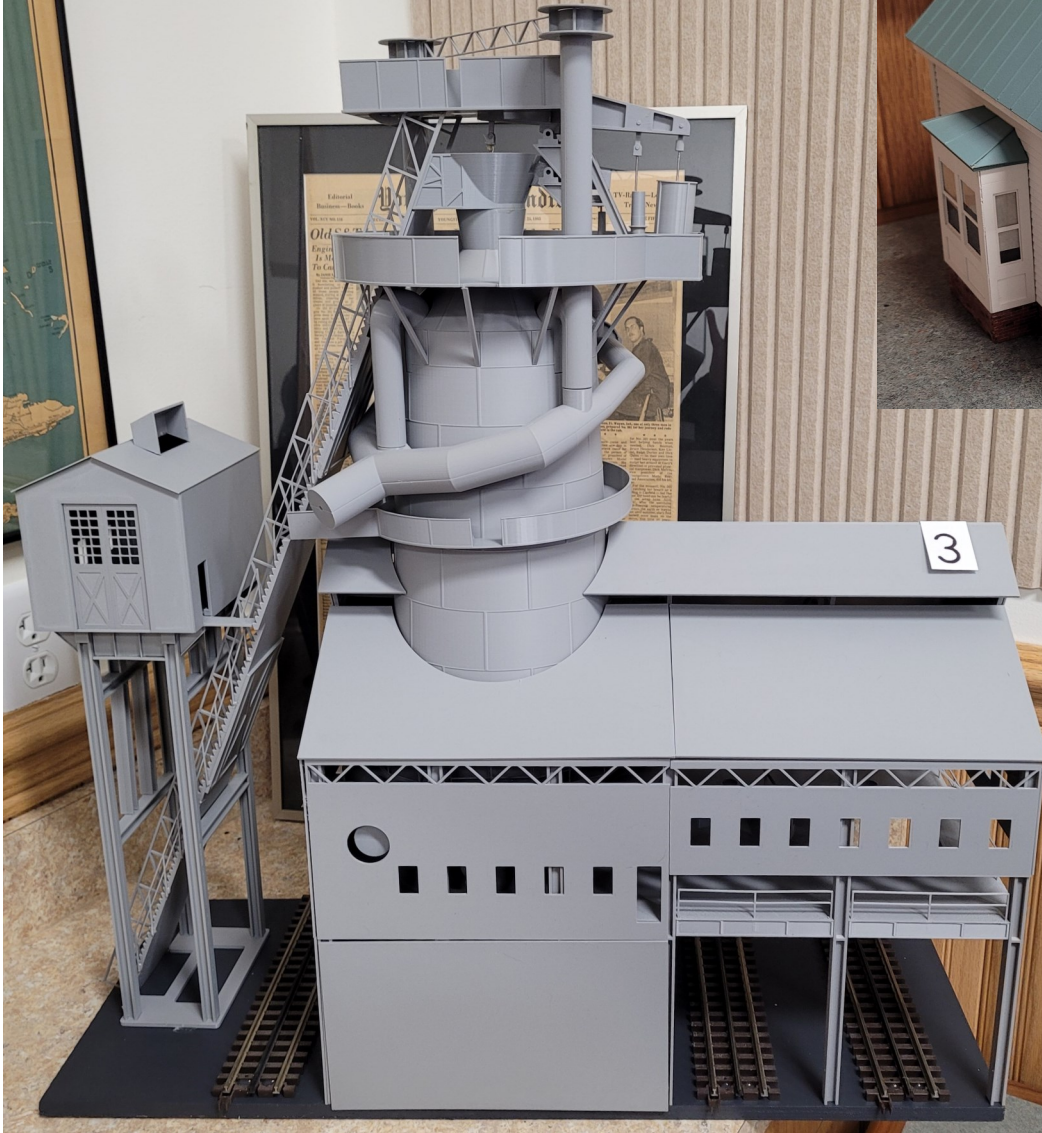

The January Bring 'n' Brag category was **Anything Goes**. We had five entries in all. **Neil Schorr** won **first place** for his O scale Cape Cod house (right), a Scale University craftsman kit that which he modified by adding a standing seam roof.

All photos by Dominic Martinelli

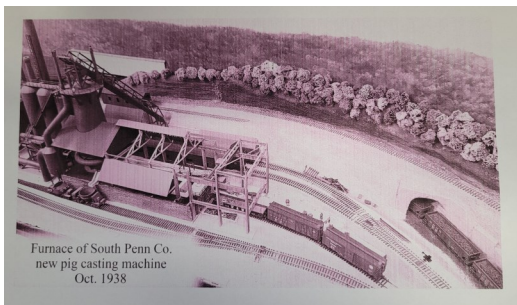

Bill Auman brought his first ever entry - an O scale Blast Furnace (left and cover) that earned him **second place**.

Two entries tied for **third place**: **Denny Lippert** added Kadee couplers and light weathering to this Athearn N&W caboose (below).

Also placing third was **Steve Ross**, who brought Lackawanna #384 (below and on page 10), an F-19b locomotive that started as a Bachmann Spectrum model to which he applied numerous details, light weathering, and an origin story for this fictional engine.

Furnace of South Penn Co. new pig casting machine Oct. 1938

The fifth and final entry was **Vagel Keller's** "vintage 1938" photo (above) of the South Penn Company's blast furnace and pig-caster on his Black Log and Shade Gap Eastern Railroad layout.

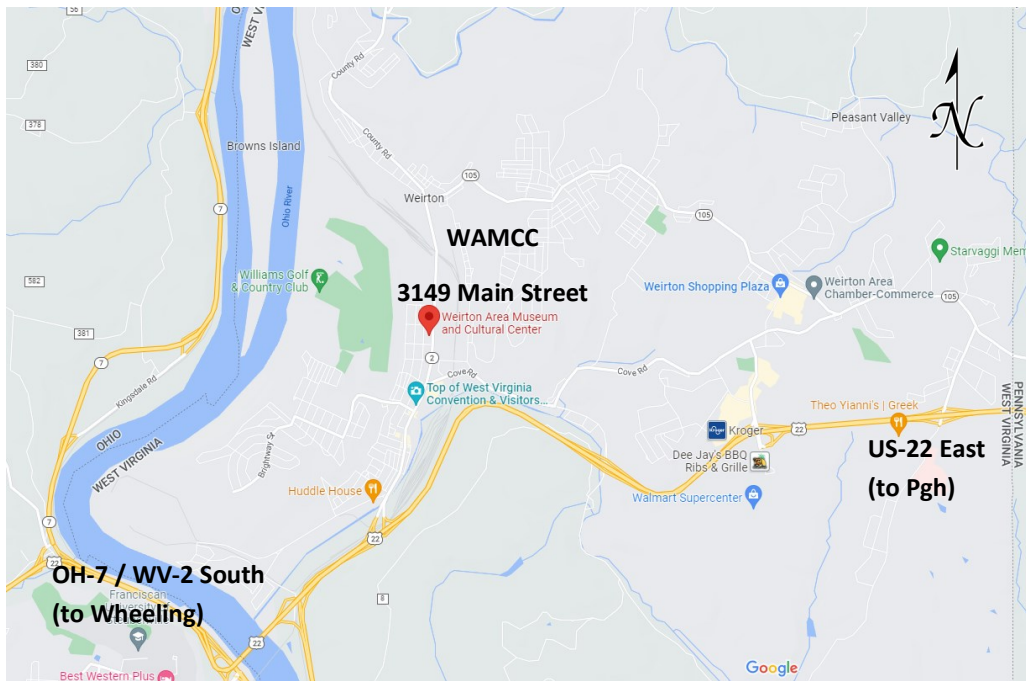

Name	pts
Neal Schorr	3
Bill Auman	2
Dennis Lippert	1
Steve Ross	1

The Bring'n'Brag contest this month is in the category **Motive Power: Diesel, Electric, Traction**. All entries must be presented to the Bring'n'Brag chair no later than 2pm in order to be considered.

MEETING TIMETABLE

February 16: Weirton, WV

In February our meeting returns to the Weirton Area Museum and Cultural Center (**3149 Main Street, Weirton, WV 26062**), which has hosted us the past two years, thanks to George Pandelios' involvement with the museum, which will open for us before the meeting. If you missed this venue in the past, please try to make it this time. The museum exhibits daily life in Weirton and environs over the past 200 years. After the business meeting, George will present a program entitled "Accurately Representing Automobiles in 1950s America."

*The maps provided are for general orientation; as always, **please use a real map (or GPS) to plan your trip.***

March 16: Morgantown, WV

Our March meeting also returns to familiar territory, to the Mon Valley Railroad Historical Society, located in the former Mountaineer Mall (**5000 Green Bag Road, Morgantown, WV 26501**). After the meeting, Richard Turton, MMR will present a clinic entitled "Building a Diorama: Why Bother?"

GREENBERG TRAIN SHOW REPORT

by Grier Kuehn

The latest Greenberg Train & Toy Show was held at the Monroeville Convention Center on January 4-5, 2025. Unfortunately, for this show Division Two was not given spaces for FreeMo, T-Trak, or a membership table. With the two-day show's attendance in the many thousands, this was disappointing since having an NMRA presence in our area's largest show is very important from both recognition and recruiting standpoints.

Not to be deterred, Rob Twigger and I, as permanent Greenberg dealers, were able to work with the show manager to secure a gratis table for the Division's use. Jeff Gregg (right) stepped up and volunteered to sit at the table both days promoting NMRA membership. And as an added bonus with the Jamboree approaching, he was able to explain as a win-win the "no charge 9-month Rail Pass" offer, which is part of a non-member's registration.

As an attention grabber, Rob (left) displayed his award winning "King Kong" subway diorama with plaque from last year's Jamboree. It really worked as people continually made comments and asked questions, which led Jeff and Rob right into talking up NMRA benefits. Many questions were answered and many flyers were passed out. Let's hope we see results.

Railroad Prototype Modelers – East 2025

by Steve Ross

The next RPM East convention will be held at the Westmoreland County Community College in Youngwood, PA on **Friday, March 21 and Saturday, March 22**. This event is sponsored by Division 2 and alternates between western PA in odd years and eastern PA (Malvern) in even years. Other than 2021 it has been featured since the 1990s.

The **Railroad Prototype Modelers** (RPM for short) meets are like a typical NMRA regional convention, but with a couple of differences and some fewer activities, i.e. no non-rail clinics or prototype tours. Thursday evening, March 20, starts with optional operating sessions at nearby layouts. Slots are limited, so preregistration is required. A number of clinics on modeling, railroad history, and prototype equipment are presented on Friday and Saturday. There is a large room to display prototype models (not a contest). In process models are often shown so construction features can be seen and discussed. Everyone is encouraged to bring something to display. In 2023 we had over 500 models. Additionally, there is a large room with high quality vendors such as CMP Shops and Funaro & Camerlengo. This room is shared with various railroad historical societies. So far, we have commitments from Friends of the EBT, NYC System Historical Society, the P&WV Technical & Historical Society, and the B&O Historical Society.

Breaks are provided for lunch and dinner. There is a café in the WCCC building and numerous nearby restaurants in Youngwood, Greensburg, or New Stanton. Registration is a very reasonable: \$40 until February 28, \$45 afterwards. Single day registration is available for \$20. You can pay at the door, although preregistration is encouraged. See additional information, photos, and registration forms on our website – www.hansmanns.org/rpm_east/.

We hope to see you there!
